

CONTACT INFORMATION

CGF (Cutting & Grinding Fluids, Inc.), is an ISO 9001 Certified company with DNV (CERT-04341-2005-AQ-HOU-ANAB). Additionally, CGF carries a quality assurance certificate with Bombardier, Lear Jet Division (BAMS 569-001, Class A, Rev. B). We would be pleased to discuss your particular needs regarding industrial fluids, and can be contacted as follows:

For Sales & Product Support, please contact:

CGF, Inc.
317 Peoples Ave.
Rockford, IL 61104 U.S.A.
Phone: 815-967-4400
Fax: 815-967-4404
Web: www.cgfinc.com
Office: office@cgfinc.com

For Distribution Opportunities, please contact:

Peter J. Gottlick
President

Kool Kut

CGF

Providing Fluid Solutions Since 1977

Kool Kut - The coolant solution for your toughest applications!

25% Increase in Tool Life

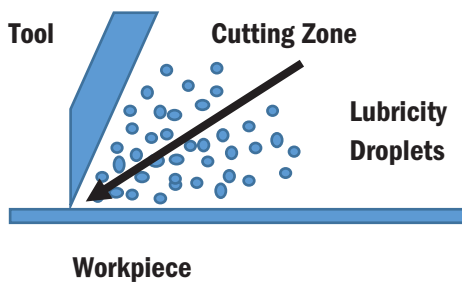

Better Finish

Lower Scrap Rates

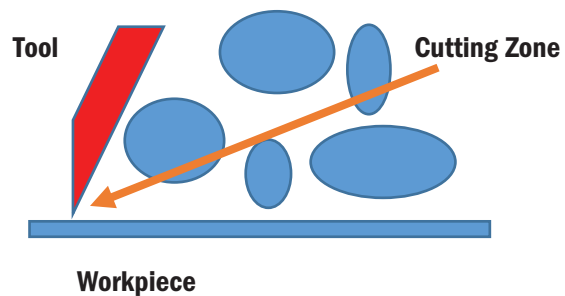

Increased Production

How do we do it? It's all in the chemistry.

Kool Kut Chemistry

Traditional Coolant Chemistry

With **Kool Kut Chemistry**, you get smaller, tighter, and cleaner emulsions; sending more micro lubricant/cooling droplets to the cutting zone to increase tooling performance. Tool life of increases of 25%+ are common, and the **Kool Kut Chemistry** works and lasts longer than traditional coolant chemistries.

Kool Kut Chemistry

- YES** ✓ Increased Productivity
- YES** ✓ Increased Cooling
- YES** ✓ Increased Lubricity
- YES** ✓ Increased Foam Control
- YES** ✓ Increased Cleanliness
- YES** ✓ Increased Product Life
- YES** ✓ Increased Oil Rejection
- YES** ✓ Increased Operator Acceptance

Traditional Coolants
